ABSTRACT

The bibliography contains 1,621 references for materials related to vocational and technical education of handicapped students. Entries are coded by Office of Education Curriculum Codes and Educational Resources Information Center descriptors. Materials can be located by specific skill areas (communication skills, interpersonal and behavior coping skills, motoric skills, perceptual skills, vocational and avocational skills development, agriculture, health occupations, and trade and industry), by specific handicap (visually impaired, hearing impaired, physically handicapped, mentally retarded, emotionally disturbed, speech/language disability, learning disabled, multiply handicapped, chemically dependent, and offenders), or by particular type of material (program development and administration, software instructional materials/devices, ancillary services, evaluation and research, and groups/organizations.) Each citation usually contains information on title; author; publisher and address; binding and pagination for books; price; and information for films, cassettes, slides and other nonprint materials. EXPLANATION OF CODING SYSTEM FOR HANDICAPPED AND SPECIAL EDUCATION

The coding system is a combination of the Office of Education Curriculum Codes and ERIC descriptors. It was devised by staff at the Center for Studies in Vocational and Technical Education.

19.12.14/450

19. The first two digit code "19" is the Office of Education code for handicap. All materials in the publication will begin with 19 since they all pertain to handicapping conditions.

.12 The second two digit code ".12" indicates the skill area and in this example ".12" refers to Business/Office Occupations.

.14 The third two digit code ".14" indicates the type of handicap, and in this example "14" refers to Mental Retardation.

450 The three digit code "450" indicates the type of material, and in this example "450" refers to Research. This three digit code is derived from the ERIC descriptor group codes.

The selection 19.12.14/450 pertains to handicapped, business, mentally retarded and research materials.

IF YOU ARE LOOKING FOR MATERIALS DEALING WITH A SPECIFIC SKILL AREA, THE SECOND TWO DIGITS WILL BE YOUR GUIDE. NOTE THE UNDERLINED DIGITS IN THE EXAMPLES BELOW.

19.01.14	COMMUNICATION SKILLS (activities concerned with learning and using oral, written and visual language for interrelating with others.)
19.02.14	INTERPERSONAL AND BEHAVIOR COPING SKILLS (activities concerned with personal and social skills, e.g. how to get along with others.)
19.03.14	MOTORIC SKILLS (instruction designed to develop adequate movement skills, physical skills for personal care and social functioning to include special devices, equipment, mobility training.)
19.04.14	PERCEPTUAL SKILLS (learning experience designed to relieve or correct visual, auditory, or tactual or kinesthetic perceptual problems.)
19.05.14	VOCATIONAL AND AVOCATIONAL SKILLS DEVELOPMENT (career education and job placement skills.)
19.06.14	MATH
19.07.14	READING AND LANGUAGE ARTS (remedial materials.)
19.08.14	SOCIAL SCIENCES
19.09.14	PHYSICAL SCIENCES
19.10.14	(Not used at this time)
19.11.14	AGRICULTURE
19.12.14	BUSINESS/OFFICE OCCUPATIONS
19.13.14	DISTRIBUTIVE EDUCATION
19.14.14	HEALTH OCCUPATIONS
19.15.14	HOME ECONOMICS
19.16.14	TRADE AND INDUSTRY
19.99.14	OTHER (This is a catch-all category for anything that doesn't fit into one of the above categories.)

IF YOU ARE LOOKING FOR MATERIALS ABOUT A SPECIFIC HANDICAP, THE THIRD TWO DIGITS WILL BE YOUR GUIDE. NOTE THE UNDERLINED **DIGITS** IN THE EXAMPLES BELOW.

19.12.10	HANDICAPPED, GENERAL (applicable to several categories of handicapped conditions, e.g. low-level reading instructional materials.)
19.12.11	VISUALLY IMPAIRED
19.12.12	HEARING IMPAIRED
19.12.13	PHYSICALLY HANDICAPPED (includes a variety of disabilities including paraplegics, persons with cystic fibrosis, multiple sclerosis, epilepsy, etc.)
19.12.14	MENTALLY RETARDED
19.12.15	EMOTIONALLY DISTURBED
19.12.16	SPEECH/LANGUAGE DISABILITY
19.12.17	LEARNING DISABLED
19.12.18	MULTIPLY HANDICAPPED
19.12.19	CHEMICALLY DEPENDENT (alcoholic, drug abuser.)
19.12.20	OFFENDERS/CORRECTIONAL INSTITUTIONS

IF YOU ARE LOOKING FOR A PARTICULAR KIND OF MATERIAL, SUCH AS CURRICULUM, INSTRUCTIONAL MATERIALS, AUDIO-VISUAL AIDS, DESCRIPTION OF A PROGRAM, ETC., THE THREE DIGITS WILL BE YOUR GUIDE. NOTE THE UNDERLINED DIGITS. 19.12.14/450

FURTHER INFORMATION

PURPOSE OF COLLECTION

The purpose of this collection of materials is to encourage and support curriculum development and instructional activities in vocational education through identification of resources and materials which may be of use to educators.

SOURCES OF MATERIALS

Materials have been identified and gathered for the bibliography from throughout the United States and other countries. Funds for this program have been supplied by the Bureau of Career and Manpower Development, Wisconsin Department of Public Instruction, Wisconsin Board of Vocational, Technical and Adult Education and through ongoing activities of the Center for Studies in Vocational and Technical Education at the University of Wisconsin-Madison.

MISSING PAGE NUMBERS

The missing page numbers in the Table of Contents indicate a lack of materials in that area of the bibliography. The material areas listed in the Table of Contents represent a total indexing system for materials on Handicapped and Special Education. If you know of any materials available in Handicapped and Special Education, let us know.

BIBLIOGRAPHIES IN OTHER VOCATIONAL AREAS

In addition to the Handicapped and Special Education Bibliography bibliographies exist for each of the following vocational education areas: 1) Agriculture, 2) Business Education, 3) Career Education, 4) Distributive Education, 5) Health Occupations, 6) Home Economics, 7) Industrial Education, and 8) Research and Development. Bibliographies for each of the vocational education areas are available on request.

ANNOTATED LISTING OF FILMS DEALING WITH THE NEEDS AND CAPABILITIES OF THE HANDICAPPED

Each of the following films has been previewed and determined to be of value in vocational education. Many of the films have been successfully used as a part of in-service programs with teachers and administrators. The films can be rented or purchased from the source indicated.

THE ADMITTANCE. 16mm, B/W, 30 min; Mendota Mental Health Institute, Library-Media Center, 301 Troy Dr., Madison,WI 53704; free loan. Depicts the trials encountered by a young divorced woman and her family after her attempted suicide. Turning to her mother for support, she is made aware of the shame and humiliation she has brought on an already unhappy home. The film shows the need for perseverance by a family member or friend (in this case the patient's sister) to cut through bureaucratic indifference to obtain professional assistance. The very real human feelings of family members are portrayed in a believable manner.

ALL MY BUTTONS. 16mm, B/W, 20 min; Central Wisconsin Colony and Training School, Library Information Center, 317 Knutson Dr., Madison, WI 53704; free loan. Using three plots, a cocktail party, the speech of a newly appointed director of a facility for the mentally retarded, and the life of a mentally retarded adult, this film explores prejudices of society and the need to teach social living skills to the mentally retarded.

ALL THINGS ON WHEELS AREN'T EQUAL. Sterling Films, 16mm, color, 10 min; Hofstra University Hempstead, Long Island, NY 11550; free loan. Emphasizes the need for modification of educational facilities at the post-secondary level, for example; ramps, elevators, telephones and bubblers. Shows modifications made at Hofstra University and stresses that if modifications are not provided by the education institution, the biggest crime is untapped human potential.

BEATING THE AVERAGES. 16mm, color, 30 min; Chief Distribution Center, National A-V Center (G.S.A.), National Archives and Records Service, Washington, D.C. 10409; free loan. Narrated by Raymond Burr, the movie stresses the barriers for paraplegics. It shows a family's coping with problems of paraplegia, the paraplegic at work, and depicts some of the paraplegic's feelings in a group discussion setting. Stresses the point that the physical barriers and public attitudes, not the disability of paraplegia, create the handicap.

THE BOSS' RESPONSIBILITY. 16mm, 6 min, color; Universal Education and Visual Arts, 100 Universal City Plaza, Universal City, California 91608; rental $12.00, purchase $225. Pete is a young deaf carpenter who resents his boss' constant reminders to keep working. When the boss becomes ill, he puts Pete in charge for the day. Pete is then forced to make decisions, assign the work load and keep the workers on a tight schedule. From this experience Pete learns to appreciate and understand the pressures and responsibilities of being a boss.

BOY IN A STORM. 16mm, B/W, 30 min; National Epilepsy League, Inc., 116 S. Michigan Ave., Room 1610, Chicago, Illinois 60603; free loan. Tells the story of a young man with epilepsy who received no treatment until 17 years old. Even though somewhat dated in the information it gives in how to handle a grand mal seizure and even though it is melodramatic, it provides valuable information about the disability and treatment.

BREAKING THE SOUND BARRIER. 16mm, color, 28 min, 1968; Association Sterling Films, 600 Grand Ave., Ridgefield, NJ 07657; rental $5.00. Narrated by Nannette Fabray, this film depicts how various professions (audiologist, speech therapist, etc.) can assist the deaf, hearing impaired, or speech deficient whether they are children or adults. Suitable as an introductory film.

COMMUNICATING WITH DEAF-BLIND PEOPLE. 16mm, color, 18 min; American Foundation for the Blind, Film Library, Public Education Division, 15 West 16th Street, New York, 10011; $4.50 rental, $120 purchase. Demonstrates through actual conversation with six deaf-blind adults the five most commonly used methods of communicating with deaf-blind individuals: printing in the palm, alphabet glove, one-hand manual alphabet, Tellatouch, and vibration method. Purpose is to acquaint the average person with ways of communicating with persons who are both deaf and blind.

COMMUNICATION AIDS FOR THE HEARING HANDICAPPED. 16mm, 20 min, color; Los Angeles Soceity of Otology; available from the Clarke School for the Deaf, Northhampton, MA 01060; rental $5.00. Describes communication aids for the deaf such as telephone and television devices. Also describes aids a deaf person could use when employed as a telephone operator or nurse. The film incorporates this information into a story about a woman in her 40's who goes for help because of a hearing loss.

GRADUATION. 17mm, color; available from Dr. James Stanfield, 900 Euclid, Santa Monica, CA 90040; $25.00 rental, $225 purchase. This film, narrated by Burt Lancaster, explores the question of "What happens to the retarded child when he or she grows up?" The film follows the life of Johnny, a young adult who has not left his home to work or visit with friends since graduation. Johnny, unfortunately, represents 44% of the high school graduating students. The film gives an overview of existing post high school programs and dramatizes the need for community support for vocational, recreational and social facilities for the retarded adult.

GRAND MAL EPILEPSY. 30 min, 16mm, color; Central Wisconsin Colony and Training School, Library Information Center, 317 Knutson Dr., Madison, WI 53704; free loan. Filmed at the University of Wisconsin, the film describes the onset of grand mal epilepsy in a 17 year old girl. The reactions of her family and the diagnosis and treatment of her condition are explored through the eyes of a family doctor, the patient and the consulting neurologist. Provides excellent background to anyone working with a person with grand mal epilepsy.

HOW ARE YOU? 15 min, color, all animated; inquire of Communications Division, Nebraska Psychiatric Institute, 602 S. 44th Ave., Omaha, Nebraska 68105; $3.00 rental for 3 days, $4.50 for 1 week, $100 purchase. An animated cartoon which explains the basic concepts of mental health and explores mental illness and emotional disorders in simple, readily understandable terms. Behavior is shown to be the outward expression of an individual's thoughts and attitudes; extreme forms of behavior are personified as "swingers" or "squares". Though at home in their own group, they are thought abnormal by those in the opposite group. The healthy, normal person is allowed slight detours on occasion, but always gets back on the track. The film offers suggestions to mental health.

THE INNER WORLD OF APHASIA. (EM 472), 16mm, 24 min, color, south, 1968; Wisconsin Heart Association, 795 North VanBuren, Milwaukee, WI 53202; free loan. Deals with psychological, perceptual and family problems of the person who has aphasia following stroke or brain injury. The person's impaired speech patterns are shown, and his "inner thought" processes are heard. This is a very powerful film and would provide excellent background to anyone who is going to help retrain a person who has undergone the rehabilitation described here.

LEO BEUERMAN. 16mm, color, 13 min; Bureau of Audio-Visual Instruction, 1327 University Ave., P.O. Box 2093, Madison, WI 53706; $5.00 rental. This is a documentary depicting one day in the life of Leo, an aging deaf dwarf with useless legs. After Leo's mother died, he built a cart that he used for personal transportation. For journeys of greater distances he rode a tractor which he modified to suit his driving capabilites. Leo supported himself by driving to town daily to sell things and do watch repairs. The film depicts how a handicapped person can live with dignity and be self-sufficient and presents a challenge to all vocational educators.

LIKE OTHER PEOPLE. 16mm, color, 37 min; Perennial Education, Inc., 1825 Willow Road, Northfield, Illinois 60093; $37.50 rental; $375.00 purchase. Excellent film dealing with sexual, emotional and social needs of the adult who is mentally or physically handicapped. The two central characters both have cerebral palsy and in their own words make a plea to be understood as "real" people. At one level this is a poignant love story which will help the viewer to understand that because someone is physically handicapped, he or she is not necessarily emotionally or mentally handicapped. The film also raises many issues for discussion--about the need to work, the desire to marry, the caring for each other, the quality of life in residential homes and institutions.

A MATTER OF INCONVENIENCE. 16mm, color, 10 min; Stanfield House, 900 Euclid Ave., Santa Monica, CA 90403; $20.00 rental, $150.00 purchase. Films blind and amputee skiing at Lake Tahoe, Nevada and stresses that a handicap is only an "inconvenience" which may become a barrier to a person's potential for work and recreation. The emphasis is on the integration of the person with a disability into all aspects of society.

MODERN CONCEPTS OF EPILEPSY. 16mm, 20 min, color; produced by Ayerst Lab; Central Wisconsin Colony and Training School, Library Information Center, 317 Knutson Drive, Madison, WI 53704; free loan. Shows the causes, diagnosis and treatment of epilepsy. This is a film for professional people or lay audiences with a discussion leader.

ONE STEP AT A TIME. 16mm, B/W, 15 min, 1963; International Film Bureau, 322 S. Michigan Ave., Chicago, Il 60604; rental $12. Shows advances made in the designing and fitting of artificial limbs. Made at the Rehabilitation Institute of Montreal, the film presents the personal story of an amputee who discards his crutches and learns to walk again with confidence. Shows how the prothetist, physiotherapist, and doctor work as a team to put a man back on his feet. Excellent film to develop awareness of experiences an amputee might encounter.

NOT WITHOUT SIGHT. 19 min, color; Public Education Division, AFB, 15 West Sixteenth Street, New York, NY 10011; $19 rental, $120 purchase. This film defines the major types of severe visual impairment, illustrates, with animation, their causes and shows how those with severe impairments can and do function. "Not Without Sight" depicts the vision of those with impairments as they see the world. Five impairments are used to illustrate the three main types of visual impairments - one, where overall vision is obscured; two, where edges of vision or parts of vision are obscured; and three, where the center of vision is obscured.

REACH. 16mm, color, 30 min; Wisconsin Association for Retarded Children, 351 W. Washington Ave., Madison, WI 53706; free rental. This film deals with citizens advocacy groups as an aid in the normalization of the mentally retarded. An advocate is a volunteer who acts as a friend and advisor to a mentally retarded adult--to help the person adjust to the world around him. The film stresses the individuality of each mentally retarded person and notes that the mentally retarded do learn, only at a slower rate than the non-retarded population.

SELLING ONE GUY NAMED LARRY. 15 min. B/W; available from Association Sterling Films, 512 Burlington Avenue, La Grange, Il 60525; request additional information from the source. This film is a lead-in to stimulate thought and discussion of the employment of the mentally retarded. Employers are shown talking about their experience with hiring mentally retarded employees. Differing attitudes and feelings are expressed, some of which are stereotyped and could lead to misconceptions. It would be advisable to use it followed by a discussion period where the ideas presented could be explored.

STRESS: PARENTS WITH A HANDICAPPED CHILD. 30 min; available from Bureau of Audio-Visual Instruction, 1327 University Ave., P.O. Box 2093, University of Wisconsin, Madison, WI 53706; rental $5.00. Shows stress placed on five families who are bringing up handicapped children, compares the institution to home care. Presents children who have MR, cerebral palsy, autism, epilepsy and spasticity as handicaps. This film does an excellent job of providing insight into the many familial problems created by a handicapped child and ways of dealing with those problems. This is an old British film but still well done and worth seeing.

THE SUREST TEST OF A CIVILIZATION...IS TO BE FOUND IN ITS ARCHITECTURE. 16mm, 10 min, color; The Easter Seal Society for Crippled Children and Adults, 521 2nd Ave. W., Seattle, Washington 98119; free loan. The idea for the film was conceived by Barbara L. Allan, herself a paraplegic, while studying Graphic Design at the University of Washington. The camera traces a paraplegic wheelchair user just leaving a rehabilitation unit, ready to enter the community, and her subsequent encounters with barriers. Somewhat lighthearted, yet moving, there is no dialog, but an original music score, composed especially for it, helps interpret the action.

WHAT DO YOU DO WHEN YOU SEE A BLIND PERSON? 13 min, color; Public Education Division, American Foundation for the Blind, 15 W. 16th Street, New York, NY 10011; 1971; $7.50 rental plus $4.50 service charge. A light touch personifies this film which demonstrates the right and wrong way of dealing with blind people in various situations. The film shows Phil, a well-meaning but badly informed character, who meets his first blind person on a busy New York Street corner. During the film, Phil faces what are monumental problems for him - problems like walking, talking and dining with a blind person. With the help of a friendly narrator, and some cinematic tricks, everything works out fine for Phil and for the audiance.

WORK REGULATIONS. 16mm, 16 min, color; Universal Education and Visual Arts, 100 Universal City Plaza, Universal City, CA 91608; rental $12.00, purchase $225. A young pressman in a printing shop uses his hearing deficiency as a crutch. Because his work habits are inadequate and his attitude defensive when corrected for these inadequacies, he misses a promotion, in spite of his being the most skilled person available. Positive attitudes toward work and a rudimentary understanding of what is expected of any employee, regardless of job, are emphasized.

A WORLD OF THE RIGHT SIZE. 16mm, color, 20 min; Communications Division, Nebraska Psychiatric Institute, 602 South 44th Avenue, Omaha, Nebraska 68105. $3.00 rental. Excellent film with narrated cartoon discusses basic information about metal retardation, degrees of mental retardation, causes, differences between mental retardation and mental illness. The film humanizes the mentally retarded. It emphasizes that each mentally retarded person is an individual with his own personality and a need for vocational training.

CENTER FOR STUDIES IN VOCATIONAL AND TECHNICAL EDUCATION, UNIVERSITY OF WISCONSIN-MADISON

The Center for Studies in Vocational and Technical Education at the University of Wisconsin-Madison was reorganized with the support of the Wisconsin Board of Vocational, Technical and Adult Education within the School of Education in 1971. The function of the Center is to serve the State of Wisconsin in a unique way by bringing the resources of the University to bear on identified problems in the delivery of vocational and manpower programs—vocational education, technical education, adult education, career education, manpower training—to citizens of all ages in all communities of the State. The Center focuses upon the delivery of services including analyses of need, target groups served, institutional organization, instructional and curriculum methodology and content, labor market needs, manpower policy, and other appropriate factors. To the extent that these goals are enhanced and the foci of problems widened to encompass regional and national concerns, the Center engages in studies beyond the boundaries of the State.

Merle Strong, Director
Roger Lambert, Associate Director
